Dear parent/carer,

SUBJECT: Supporting Your Child's Education During Deployment

My name is Stacey Johnson, and I'm a Service Children's Advocate here at Risedale School. We understand the unique challenges faced by military families, especially during deployments.

We are committed to supporting the children of service personnel during these times. Risedale School has a dedicated page on our website specifically designed for service families. This page provides information on the support systems available to your child, including:

- **Deployment Support:** Resources and strategies to help your child cope with an upcoming deployment and your return.
- **Social and Emotional Support:** Resources to help your child manage any anxieties or emotional challenges they may face.

You can find this page on our website: [Service Children](#)

Service Deployment Form:

In the event of a deployment, please fill out the short [form](#) located on the Service Children's webpage. This will allow a Service Children's Advocate to contact you directly to discuss your child's specific needs and explore the ways we can best support them during your absence.

The Risedale Family is here to help your child thrive during this time. Please don't hesitate to reach out with any questions or concerns.

Kind regards,

Stacey Johnson

Service Children's Advocate
