SUBJECT: School Car Park Community Update Meeting

Dear Neighbours, Parents/Carers and Members of the School Community,

We are writing to invite you to a community update meeting regarding the management of our school car park.

As you will be aware, road safety in the Risedale School car park has been an ongoing priority for us. Over the past few years, we have been working closely with Hipswell Primary School and have sent regular communications to parents/carers regarding this matter.

To ensure our approach is both safe and effective, the Local Authority (LA) has carried out a series of professional assessments and site observations. Alongside these expert reviews, we have trialled several interventions over the past few months to better manage traffic flow and ensure the safety of our pupils during the busiest times of the school day.

We have now gathered a wealth of information from these trials and the LA's findings. We would like to share this update with our local community and discuss the logistical challenges we are working to resolve.
