Tuesday 14th October 2025

Dear parent/carer,

**SUBJECT: Year 9 Contribution for Food Technology Ingredients**

Our Food Technology department is committed to giving every pupil the chance to cook and develop essential practical and creative culinary skills. To make sure we can continue to provide high-quality, hands-on cooking experiences for your child, we kindly ask for a voluntary contribution toward the cost of ingredients.

**Contribution Details**

Your child's contribution covers the full cost of **high-quality, fresh ingredients** sourced in bulk to keep costs low. It also includes a serving container for them to take their finished product home safely. We will continue to fully accommodate all **special diets, vegetarian alternatives, and food intolerances**.

You can contribute per term (**£8 in Autumn, £6 in Spring, and £6 in Summer**), or you can make a single payment of **£20** for the entire year.

**How to Pay**

To simplify the process, all payments should be made through our online system, [ParentPay](#). We would appreciate it if you could make your payment as soon as possible.

We know that this system is only successful if the majority of families are able to contribute. However, we want to assure you that **no child will be disadvantaged** if you are unable to contribute.

If you are not in a position to make a payment, please contact me directly, and your child will be provided with the necessary ingredients free of charge.

Thank you for your continued support and partnership in providing our pupils with valuable and practical learning experiences.

If you have any further questions, please do not hesitate to get in touch.

**Mrs J Dovaston**

Head of Food Technology
