

To have resilient, motivated and aspirational students supported by enriched curriculum which excites, engages and challenges.

(this has to be the prime focus until it is secure)

A secured 'GOOD' with Ofsted due to sustained strong progress (it may take an inspection or two but will be achieved if the over-arching priority above is secured)

Aim to have a cohort of 600 students

(to secure future viability of the school itself and allow for further enhancement to the curriculum)

New Name and new image for the school inclusive of new uniform

(to finally put to rest the very historic view of the school once and for all)

5Yr Plan - BY 2023 I WOULD LIKE THE SCHOOL TO....

	<p>Introduction and offer a Post 16 provision (should curriculum and resources be fit for purpose)</p>
	<p>Newly built School (at least in planning)</p>
	<p>Aim to have a cohort of 900 students (dependent upon future army expansion)</p>
