- **A parent/carers of a Y7 and Y9 student said:** “My kids are in Risedale (even though I didn’t get the chance to look around and get a feel of the place 1: being COVID and 2: just moved here through summer hols... was a total gamble) my kids so far have really enjoyed it so far so win win at the moment.”
- **A parent/carers of a Y7 student said:** “Risedale... they care for the kids... **another school** is all about appearances etc”
- “Risedale. **Another school** cares about uniform more than education.”
- **A parent/carers of a Y10 student said:** “My eldest have all gone to Risedale and loved it. I think the school is great, the teachers are extremely helpful if ever there is a problem. Academically my kids have thrived with the oldest two coming out with fantastic results. Can’t fault it really.”

- **A parent/carers of a Y7 student said:** “My daughter opted for Risedale because it’s a smaller school and will never go over 700 kids. Was really impressed that last week they called me to ask if I had any concerns regarding her starting and were really helpful.”
- **A parent/carers of a Y9 student said:** “I can’t fault Risedale they have been brilliant since my daughter joined in 2018 x”

- **A grandparent of a student said:** “All my children have gone through Risedale; one architect, one teaching assistant and one works with autistic children and now my two grandchildren are there. Highly recommended.”
- **A parent/carers of a Y8 and Y11 student said:** “Working with autistic children is a very specialised area, and you need good qualifications to understand it and be able to work with them... I have 2 autistic kids one of who goes to Risedale. ...Risedale is a completely different school now it’s fab, I wouldn’t hesitate in recommending it to anyone. I find communication from Risedale and the SEND side loads better than **another school**.... At Risedale the Head knows every child as do the teachers.”
- “All my kids went to Risedale...good school. Would recommend.”
